Product Catalog

When the Valencia Guitars brand was first established in 1972, our first instruments reflected **OUR VISION:**

To provide student guitarists with instruments that are easy to play, of excellent quality, made to the highest possible manufacturing standards and represent great value for money.

For more than five decades these four distinct attributes remain at the heart of the Valencia culture.

Valencia is now the No. 1 selling guitar brand in many countries and, arguably, the world. Many thousands of music stores around the world sell Valencia Guitars as their main classical guitar line because they represent the very best value for money on the market! It's for this reason alone that millions of guitarists around the world started their musical journeys on a Valencia guitar.

Creating Musicians

for Over 50 Years

Valencia
ESTABLISHED 1972

100 series

100 series

The Valencia 100 Series is a fully featured, nylon string guitar that's affordable enough for any guitarist. Its neck scale length allows you to play with true classical finger style; just what you need to develop proper playing technique. Whether you're a very young player or a little older the 100 Series range offers a choice of instrument sizes to ensure a correct fit for all players.

Featuring a Linden top, back and sides, Nato neck, Ebonized Maple fingerboard and bridge the Valencia Series 100 provides you with a clear and resonant voice.

Within this series a packaged GUITAR KIT is also available featuring natural and black gloss finish guitars in all fractional sizes, a Valencia branded nylon carry bag and an electronic guitar tuner.

All models supplied complete with full-color, multilingual giftbox packaging.

AVAILABLE AS

Guitar Only	4/4, 3/4, 1/2 and 1/4 sizes in natural gloss finish and six vibrant colors.

100 series

To complement the Series 100 entry level range, we present a selection of full size guitar model options not previously available at these competitive price points.

Designed to our exacting standards, the Valencia Series 100 cutaway, electric acoustic and cutaway electric acoustic models are available in natural and black gloss finishes.

The electric acoustic models feature the following pickup and preamp system combinations built into the guitar:

- VC104CVT – a VT200 pickup and preamp with 1 volume and 1 tone control.
- VC104E & VC104CE – a 3-Band EQ Preamp with a built in electronic tuner to ensure accurate, high quality amplified sound.

AVAILABLE AS

100 thin body series

- Thin Body Cutaway
- Thin Body Cutaway Electric Acoustic
- Hybrid Thin Neck Versions Also Available

NEW FOR 2025

ONLY 8cm

100 series

NEW FOR 2025

New to our range for 2025, the Valencia VC104T delivers everything that's popular within the best-selling Series 100 but in a modern and thin (8cm) body providing outstanding comfort and playability for the contemporary player. Its unique cutaway, thin body shape is stunningly attractive, easy to play and delivers excellent tone and volume that surpasses its modest price tag.

The **Hybrid Neck** version comes with a narrower 45mm nut width to comfortably accommodate the smaller hands of some beginner players. And because it features standard scale length and string tension, it's much easier to play than a standard 3/4 guitar and offers superior sound and comfort.

The **Electric Acoustic** models feature an under-saddle pickup, and a 3-band Valencia EQ with built-in tuner, ideal for live performance and recording.

AVAILABLE AS

Cutaway Guitar	4/4 size in Natural, Black & White gloss finish. 4/4 size Hybrid Thin Neck in Natural, Black & White gloss finish.

200 series

200 series

Manufactured to our exacting standards, in our own factory in Indonesia, the Series 200 starts with a Sitka Spruce top, Nato back and sides and Mahogany neck for balanced tone.

A distinctive, see through satin finish reveals the inherent beauty of our tonewoods. An Ebonized Mahogany fingerboard and bridge completes the elegant look.

The range includes left hand models in 4/4 and 3/4 size only.

All Series 200 models feature an arched back for increased tonal response and projection, a unique attribute amongst guitars in this price range and particularly within all fractional sizes on the market.

AVAILABLE AS

Guitar 4/4, 3/4, 1/2, 1/4 size in antique natural finish and three exciting colors.

4/4, 3/4 size left hand model in antique natural finish only.

200 series
hybrid, thin neck

200 series hybrid, thin neck

The Hybrid is especially designed to accommodate the smaller hands of some beginner players.

The full size VC204H features a 45mm neck width (at nut) with 650mm (25 5/8") scale length on a standard size body, while the VC203H has a 42mm nut with 580mm (22 7/8") scale length on a 3/4 size body.

The range includes left hand models in natural finish only.

For superior stability and strength, the necks of these models feature two central, reinforcing strips of Amara Ebony installed along the entire neck length.

All Series 200 models feature an arched back for increased tonal response and projection, a unique attribute amongst guitars in this price range and particularly within all 3/4 size guitars on the market.

354
series

354 series

AVAILABLE AS

A versatile, ultra compact size instrument, the Valencia Series 354 nylon string Travel Guitar / Guitar Lele is perfect for guitar players looking for a travel guitar, as well as ukulele players discovering guitar playing for the first time. With six strings tuned to A-D-G-C-E-A in standard guitar intervals, the instrument is ideal for extended range ukulele arrangements or for the player wanting a smaller bodied guitar.

Thanks to its Spruce top and Mahogany body with arched back, the Series 354 provides a rich and full sound despite its compact size. The Mahogany neck features a 52mm (2 1/16”) nut width for the feel of a full size guitar. With extra touches like a real bone bridge saddle, Walnut fingerboard and bridge along with nickel tuners the Valencia Series 354 guitar plays and sounds as good as it looks.

430 series
nylon guitar

430 series

AVAILABLE AS

Introducing the modern nylon string guitar; a blend of contemporary styling, classical tone and excellent playability.

The Valencia Series 430 Auditorium guitar represents a step change in the evolution of the nylon string guitar, bringing you the best of two playing worlds. Its larger body shape delivers more volume and better midrange than a traditional classical guitar whilst the curved radius fingerboard gives players an instrument with the feel and playability of an acoustic guitar.

Players will appreciate the distinctive tonal flavors of a nylon string guitar coupled with a sleek, ultra-playable neck and styling that steel string acoustic guitars are known for.

The Select Sitka Spruce top provides great clarity and detail whilst the Nato back and sides balance the tone by adding warmth and projection.

Nylon Guitar	4/4 size in natural, vintage natural and classic sunburst finish.
Cutaway Electric Acoustic Nylon Guitar	4/4 size Cutaway Electric Acoustic in natural and classic sunburst finish with 3-band EQ preamp and chromatic tuner.

The Mahogany neck with two-way truss rod topped with a Amara Ebony fingerboard provides for smooth, effortless playing feel.

If you've been looking for a contemporary looking, fast playing and rich sounding nylon-string guitar then the VA434 is definitely for you!

560 series

HIGH GLOSS FINISH

560 series

The Valencia Series 560 stands out in its class with a high gloss Sitka Spruce top and fully bound Walnut back and sides; a gorgeous tonewood combination that enhances low frequency richness and sustain. Featuring a beautiful Amara Ebony fretboard, Mahogany neck and high quality gold tuning hardware these guitars are ready for many years of reliable performance.

The deep gloss finish enhances the beauty of the specially selected tonewoods whilst tasteful decorative appointments highlight the understated good looks to complete the styling of the Series 560 range.

The VC564CE cutaway electric acoustic model is beautifully balanced for effortless playing and you can dial in the Valencia 3-Band EQ preamp to sound great in any situation. The system also has a built-in chromatic tuner.

NEW FOR 2025

SPECIFICATIONS

Due to the overwhelming acceptance and demand for our recently launched flagship 700 Series guitars we are proud to announce the following new models to complement the range for 2025.

VC704L – 4/4 LEFT HAND

In response to numerous requests for a top quality left hand guitar within the 700 Series, we introduce the VC704L - packed with features and representing unprecedented value not previously available at this price point.

VC704H – 4/4 HYBRID THIN NECK

The Valencia Hybrid style, thin neck guitar with its 45mm neck width (at nut) and standard size 4/4 body is quickly becoming one of most popular model selections – particularly amongst players with smaller hands or of some novice players.

For classical excellence, you can rely on the handcrafted Valencia 700 Series. Our master luthiers have created a superb classical guitar with a wide dynamic range that delivers a playing experience like no other.

The Solid Sitka Spruce Top, with innovative ToneFlow bracing, gives this guitar an outstanding range that responds to your lightest touch with articulation and detail. Premium Mahogany back and sides enhance low-mid richness. A premium Mahogany neck and Amara Ebony fingerboard deliver exquisite playability. Other features such as exotic wood veneers, inlaid natural wood mosaic rosette and custom decorated machine heads result in a classical guitar that exceeds expectations in looks, tone and feel.

The VC704CE cutaway electric acoustic model comes with a built-in Valencia 3-Band EQ preamp system for great plugged-in tone that picks up every nuance of your performance. It even features a built-in tuner so you'll always sound your best.

700 series

NEW FOR 2025

SPECIFICATIONS

Crafted by our most experienced master luthiers, the Valencia 700 Series is a superb classical guitar that stands out in its class to deliver a playing experience like no other.

The **SOLID CEDAR TOP**, with innovative ToneFlow bracing, gives this guitar an outstanding range that responds to your lightest touch with powerful articulation and detail.

Premium Mahogany back and sides provide a powerful tonal foundation for the solid cedar top, giving the right balance of warmth and brightness.

The neck is solid mahogany, for maximum transfer of string energy to the cedar top.

An Amara Ebony fingerboard and bridge deliver exquisite playability and complete the elegant look.

Other features such as exotic wood veneers, inlaid natural wood mosaic rosette and custom decorated machine heads make this guitar a true player's choice.

770 series

NEW FOR 2025

SPECIFICATIONS

Our stunning new 770 Series Thinline Cutaway Classica/ Guitar delivers master luthier craftsmanship, uncompromised tone and outstanding player comfort.

Featuring a Solid Red Cedar top, with patented ToneFlow Spanish fan bracing, and a 7cm Thinline Walnut body, the VC774TCE yields a superbly detailed and balanced tone despite its slim body.

Its premium Mahogany neck with Amara Ebony fretboard is beautifully playable and responsive. The high-quality onboard Fishman Sonitone soundhole mounted preamp pickup system makes this guitar the ideal live performance companion.

Rounding out this premium package are real wood sound hole rosette, bridge and neck heel decorations, magnificent body bindings and custom decorated Valencia machine heads.

Discerning players will appreciate the beautiful tone of the 770 Series, savour its tasteful appointments, delight in its thinline body and relish its superbly comfortable playability.

AVAILABLE AS

Thinline Cutaway Electric Acoustic Guitar — 4/4 size Thinline, Cutaway Electric with Natural satin finish top and high gloss back & sides equipped with soundhole mounted preamp and under-saddle piezo pickup.
